How to download: Google PlayStore: Youtube Video: Download and Enjoy! Еще одна статья по теме "Совершенно в порядке где ваша старая новая память." Бесплатно почитать на хабре здесь : In this video, I create simple surface area chart (SAC) in excel using python. YouTube : Facebook : Medium : LinkedIn: You can find more tutorials on: TeachMe : LaraLabs : I have little experience in programming before, and programming surfaces has helped me with my English skills! In this video I introduce you to Airtable (desktop) and Python (server-side). Airtable is a free database that has a lot of useful functions but doesn't have any visual interface. You can create a table, choose a row template, edit the values in a row, add new rows, trigger functions, etc. Everything is done through editing the underlying Python code. I recommend you to read their documentation before start to code. Python is
