Download

i have it as my option game and if i put the.cgf file in the maps folder and it wont run and the reason i put it in the maps folder is that i was following a tutorial online and i didn't put it anywhere else and after it asked for the file and i tried to put it in the directory and it said that the file was not found and i tried to download the file again from the link that it had first but it wouldn't let me download it so i had to go to my DVD drive and find it there and put it in the directory so i can play the game. but i cant run the game because this file is not found and I have downloaded the folder from cod my preffered and second best folder which is cod zone english. i have it as my option game and if i put the.cgf file in the maps folder and it wont run and the reason i put it in the maps folder is that i was following a tutorial online and i didn't put it anywhere else and after it asked for the file and i tried to put it in the directory and it said that the file was not found and i tried to download the file again from the link that it had first but it wouldn't let me download it so i had to go to my DVD drive and find it there and put it in the directory

so i can play the game. but i cant run the game because this file is not found and I have downloaded the folder from cod my preffered and second best folder which is cod zone english.1. Field of the Invention The present invention relates to an apparatus and method for transmitting and receiving a broadcasting signal using a physical channel, and more particularly, to an apparatus and method for transmitting and receiving a broadcasting signal using a physical channel for Digital Multimedia Broadcasting (DMB). 2. Description of the Related Art The DMB transmits a broadcasting signal in a manner such that it is transmitted using a frequency channel allocated to it by a broadcasting agency. A method for transmitting the broadcasting signal by this method will now be described in detail. A DMB Broadcasting System (DMB system) supports a variety of data service options and services. The DMB system supports a variety of services in addition to providing services such as a DMB Digital Audio Broadcasting (DMB-DAB) service and a Digital Video Broadcasting-Handheld (DVB-H) service. A DMB-DAB service is a service for digitizing a 82157476af
